COMMENCEMENT AND DURATION

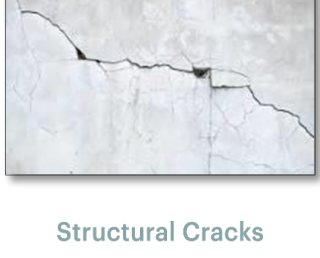

- This warranty shall be effective on and from the date on which the customer has registered this warranty in the manner recommended by the company and by providing all requisite details required by the company. This warranty shall be valid only if the registration is done within thirty (30) days from the date of the purchase of the Product and provided that the painting work is fully complete (“Effective date/Commencement Date”).
- The company, if deemed necessary, may appoint a representative to inspect and monitor the application of the Product.
- The warranty shall be for a period of Eight (8) years from the Commencement date. The company's liability shall reduce over the warranty period as per the scale provided herein.
- Where any claim arises during the warranty period, the period will not start afresh after settlement of claim.

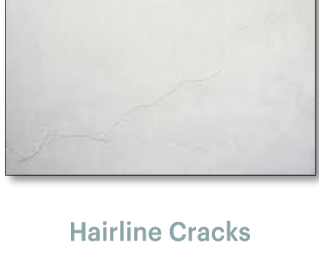

WARRANTY LIABILITY

- This warranty only provides for replacement cost of paint (“replacement cost”) as per the reducing scale provided hereinafter, solely for re-application purposes, in order to set right the affected areas. The Company shall at its own discretion decide on providing replacement of the Product or providing replacement cost of the Product in terms of the reducing scale provided hereinafter.
- Under this warranty paint failure shall mean, subject to the terms set out herein:
 - Flaking or peeling-off** of the Product caused by one coat of the Product coming off from the other or from the substrate for a minimum continuous application area of 20 sqft.
 - Chalking** is an instance where the paint comes out on the hand by mild rubbing without application of extra pressure for a minimum area of 20 sqft.
 - Shade fading** refers to the cases where one can observe change in shade over a continuous area of at least 20 sqft arising out of paint quality only. The nature of fading will be uneven over the affected area.
 - Cracking** refers to the hairline cracks of width 0.5 mm or less, that may occur in the paint films spread over an area of at least 20 sqft. Structural cracks usually result from excessive loads, poor construction practices, or foundation settlement and are outside the scope of the warranty.
