Enlivening the intricate richness of traditional damask fabrics, the Damasco collection illuminates any space with elegance and sophistication. Serving opulence through its silky golden appeal, this texture creates a chiaroscuro effect, transforming every space into a masterpiece.

Usage Areas:

Suitable for a wide range of surfaces and applications including walls, ceilings, the Damasco finish can be used to create a cohesive and stylish look throughout an interior space.

DIRECTIONS FOR APPLICATION:

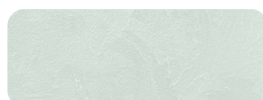

Surface Preparation:

Italian Decorative Primer should be diluted with 5-10% water. Apply one coat of the product evenly on a smooth and compact surface. If covering a previously colored surface, a second coat of the product may be applied.

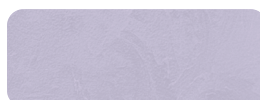

Design Application:

The Product can be applied as is or be tinted. The Product is ready to use. Apply the first coat of the product with a Spalter brush, leaving it generously (without spreading it too thin). Wait about 5-10 minutes until the product starts to dry on the surface. At this point, use the Swirl Tool with circular movements. If there are slight ridges left, it's fine because they will flatten out as it dries. Allow the product to dry completely. Apply a second coat as previously described the day after.

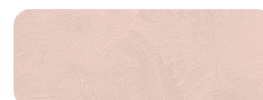

Finish:

Damasco Pearl (DA048)

Damasco Pearl (DA099)

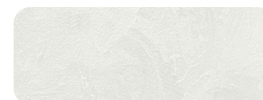

Damasco Pearl (DA067)

Damasco Pearl (DA035)

Damasco Pearl (DA136)

Damasco Pearl (DA052)

Safety Norms:
